

Texas Congressional Districts 2006 Special and General Elections 2008-2010 Elections

As Ordered by the U.S. District Court for the Eastern District of Texas, August 4, 2006

32 Districts

The U.S. District Court for the Eastern District of Texas, *Lulac v. Perry*, issued a plan (PLAN01438C) that redrew five congressional districts (15, 21, 23, 25, and 28).

Elections for these five districts were held in a special election concurrent with the general election on November 7, 2006.

The five districts from PLAN01438C were combined with the unchanged districts in PLAN01374C to create a statewide plan (PLAN01440C).
